```java
package lt.pupelis;

import java.util.Date;
import java.util.Random;

public class Pagrindine {

    public static void main(String[] args) {

        Random rand = new Random();
        int kauliukas = rand.nextInt(60) + 1;
        System.out.println(kauliukas);

        Date data = new Date();
        System.out.println(data);

    }

}
```
